MT Emergency Care System

Air Medical Work Group

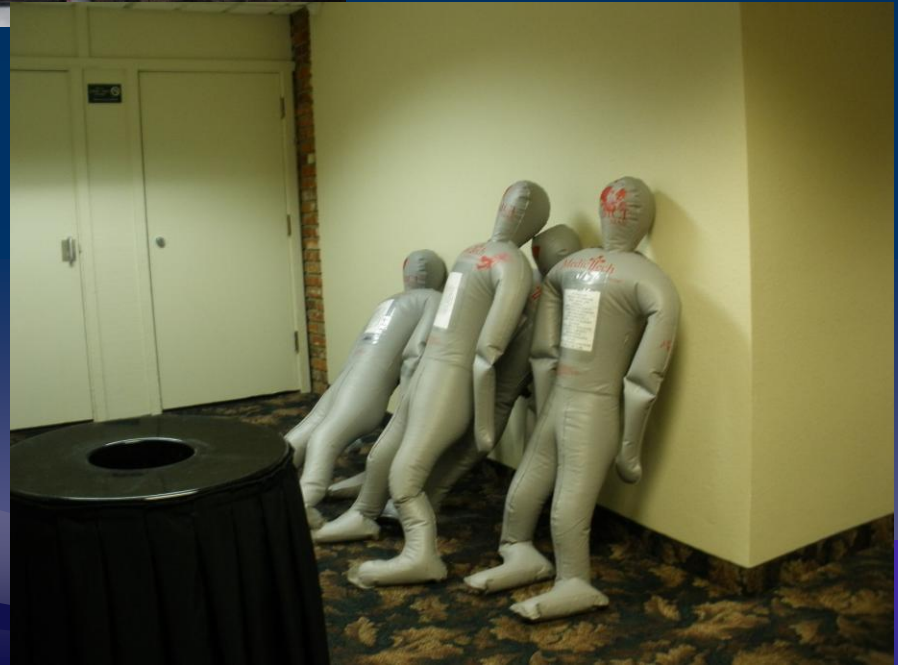

Preparedness

BDLS IIinc; 44 (123 T)

ADLS Course; 32 (66 T)

P	Plandemic, n.
<p>An uncontrolled outbreak of planning triggered by identification of plausible new ways to die.</p> <p>Main symptoms: desire to hold press-conferences, followed by either mass inoculation or compulsive stockpiling.</p>	
 <p><i>The best way to avoid being embroiled in a plandemic is to stand aside and graciously permit more worried people to do the work.</i></p>	

RTAC Issues

ERTAC

**Case Reviews: Airway management/ALS
interfacility transfers, Trauma w/morbid
obesity patients; transport & treatment
challenges**

RMRTS planning/hosting
